# **Tools & Materials**

#### **GENERATING DOCUMENTS**

Materials	Writing proposal - financial part		Tools
Materiais	User Intention	System Responsibility	10015
	Collect all expenses	Possibility to enter expenses	Data Inputer
		Sum up expenses Display total number	
Exepnese Data	Writing proposal - activity part	Possibility to share document	Data Adder
	Collect and describe all activities / aims	Possibility to collect description of activities / aims	Data
		Possibility to share document	Viewer
Activity	Writing documentation - financial rep	port	
Data	Collect all expenses	Possibility to enter expenses	Document
		Sum up expenses Display total number of expenses (planed vs. actual) Display deviation in %	Data Subtractor
\		Possibility to share document	M
	Writing documentation - activity report		Data Divider
·	Collect and describe all activities / aims	Possibility to collect description of activities / aims	
		Possibility to share document	Data Collector
			Data Safer

#### **ORGANIZING TRAININGS**

Materials Tools

			Organizing Training Extends: Creating Resources / Selecting	Content Publisher
			User Intention	System Responsibility
			Creating new content	Possibility to create new content Content
7	Content		Label the content Make it public	Possibility to name new content Provide public access to content
	Label		Creating Resources	Content
			Subdivide content into different classes	Possibility to create subclasses  Structure
			Selecting existing resources	Resource
1	Resource Data		Select existing resource	Display different resources Browser
			Adding existing resource to training	Possibility to add resource to training
		$/\times$		Resource
	_		inspecting resources	
1	Resource Label		Reading certain content	Display certain content
		Training Certification - External institution		, = -10
			Select certain training	Display trainings
	Content		Share selected training with "national ministry of educational and cultural affairs"	Possibility to share training with "national ministry of educational and cultural affairs"  Data Viewer
Lahel			Conducting saved training	
		W.	Choose "DIY Solar Generator" repository	Display repository  Document Sharer
	\		Check needed materials and tools	Display materials and tools
/	Resource Data			Data
Editing schedule / methodology of resou			Editing schedule / methodology of res	sources
			Reading certain content	Display certain content
			Edit content	Possibility to edit content
1	Resource Label		ring training	
,			Show certain content	Display certain content

## FINDING PARTICIPANTS

Materials	Creating online application form		Tools
	User Intention	System Responsibility	
/	Label the application form	Possibility to label application form	Data Inputer
	Ask candidates questions	Possibilities to create questions	Impater
Application		Possibilities to answer questions	
Label		Display complete form	Data
	Sharing online application form via Fa	acebook / Twitter	Safer
	Share application form via Facebook / Twitter	Share application form on Facebook / Twitter	Data
Question Data	\ \ \ Shanno Shine abbiicanon ionn via teleurani		
	Share application form via Facebook / Twitter	Share application form on telegram	
	Sharing online application form via email		Document
Answer	Share application form via Facebook / Twitter	Share application form via email	Sharer
Data			
	Choosing Candidates		Candidate
	See answers to question	Display answers of candidates	1 1111.01
Candidate Label	Filter candidates after certain question	Display answers of different candidates	
	Filter certain questions after candidates	Display candidates	Question Fillter

### **GENERATING CERTIFICATES**

Materials	Creating certificates - Mentor	Tools	
	User Intention	System Responsibility	
Candidate	Create certificate for certain participant	Possibility to create personalized certificate	Data Inputer
Label	commit certificate to participant	Possibility to issue certificate to participant	Data
	Certify authenticity	Possibility to verify authenticity	Safer
Hub ID	Creating certificates - Mentee		
Data	Create certificate for certain participant	Possibility to create personalized certificate	Data Viewer
Activity	commit certificate to participant	Possibility to issue certificate to participant	Authenti-
Data	Certify authenticity	Possibility to verify authenticity	cator
			Document Sharer
